AVHC IS

### Joy!

Feel welcomed as part of our accepting and supportive choir family. Make strong friendships and build community!

### Highest Quality Music Education

Professional artistic faculty teach valuable musical skills and life lessons, motivating students to reach their potential with a positive and supportive approach. We focus on nurturing healthy voices, strong musicianship and engaged citizens who will share a lifetime love of singing!

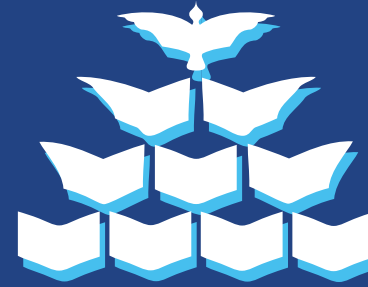

### Accessible

Flexible payment options and bursary programs make AVHC one of the most financially feasible, professional, all-inclusive music education programs in Atlantic Canada.

### Leadership

We learn, laugh and socialize in an inclusive and accepting environment. Broaden your horizons in a variety of leadership roles, including our apprenticeship program. We love coaching and watching our choristers grow into confident volunteers and leaders in our communities.

### Our Singers Say

*"I feel I can be more of myself at AVHC than anywhere else. It's the one place besides my own house that I am 100% myself. I love being here and being able to be me no matter what."*

*"Being in AVHC means the world to me. I can't picture what my life would be like without it! I just love everything about learning and creating here."*

*"I learn something new every week. I learn how to use my voice, new songs, and how to read music, but mostly I learn how to be brave and sing out and how to be the best person I can be."*

### Our Parents Say

*"Your choir is AMAZING, not only in the quality and diversity of music but also in how it helps to build community spirit plus a range of other positive personal values in these youthful participants. Not only has our granddaughter well expanded her love of music, the range of music she has taken into her heart, and strongly developed the joyful efforts of her maturing voice, the opportunities (and encouragement/expectation) for respectful group-work and leadership have added significantly to her emotional development/sense of self/self-respect and personal value in relation to her world. What parent could ask for more?!"*
